

SarStart[®] plus

SarTec's Yucca Probiotic Drench with Egg Product and Vitamins

- ◆ “ I like it. I gave it to some pretty tough looking cattle and they came through in good shape.”
- ◆ “ We gave it to some really sick cattle. We gave it alone to see if the benefit was due to the **SarStart Plus**. By the next day the cattle looked a lot better.”
- ◆ “Dosed 390 head, they had been here for 15 days, only pulled 3 head after the **SarStart Plus**. I thought for sure we would pull 25% they looked so tough.”
