

SarStart[®] pro

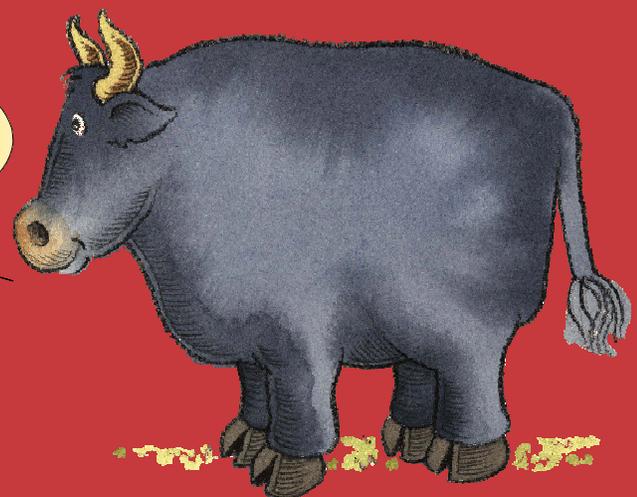

SarTec's New Yucca Probiotic Drench For Cattle

What We're Hearing From Customers

- ◆ “The first thing I noticed was how fast they got to eating. I like it better than any vitamin drench I've used in the past.”
- ◆ “I really like not having to mix it up on site. It comes already to use. That saves me a lot of time and money!”
- ◆ “I use it as part of my receiving program. It has the probiotics my cattle need to get started in the right direction.”

SarFord told me to try this. I love it. You'll love it too.

SarGus

SarStart[®] **pro** has the antioxidant vitamins you need

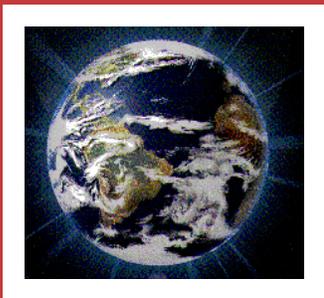

“The Yucca gets them eating and the vitamins and microbials keep them healthy.”

- ◆ SarStart[®] Pro is a Yucca oral drench.
- ◆ SarStart[®] Pro is recommended for part of your receiving program.
- ◆ “I now have a drench for all of the different cattle I get in. Thanks, SarTec.”
